POLLED SHORTHORNS

P.O. BOX 26 — ELGIN, MANITOBA, CANADA R0K 0T0

## FOREWORD

The decision to disperse the Rothbury Shorthorn herd was not an easy one. But with the Development Company demanding more and more of our time we decided to disperse all the breeding cattle at Rothbury (the Brown Swiss cows were sold last December) and concentrate all our efforts in the developing, showing, and selling of livestock. Even though we will not be breeding any more champions here, we hope to show and sell lots of them for our Shorthorn customers.

The biggest reason we hate to see this herd go is that at no point since our beginning has it been stronger. The forty mature cows offered were picked and repicked from over 200. They are producers, proving this by producing the champion or top sellers each year for the last six years at the International Bull Sale. The thirty-five yearling and two-year old daughters of Sir Leader are the makings of good cows. They are thin but healthy, and are all polled. They have been served to (One Eye) a son of Major, whose first calves are really good.

The calves by "Major" and "One-Eye" sure have us excited. They are the makings of great cattle. There are many calves in this group that will make Shorthorn shows great to watch in the years ahead.

All the top yearling bulls who would normally be at the International Sale will be in this sale. There are some top ones.

And now what do we say about "Massive Major". Big, bold, strong, sound, and never looked better; weighing over 2500 lbs. The first three bull calves by him averaged \$4,500.00 and you will see by his calves and his sons' calves selling that he is a great breeding bull. Has a bull like "Major" ever been sold in an auction sale?

In closing all of us at Rothbury will be watching with interest all the moments of happiness and excitement that these cattle will give you, the good cattlemen of North America, in the years ahead. They are ready to face the challenges that lie ahead of them.

---

## A NOTE FROM THE AUCTIONEER

R. J. Draper, Draper Brothers, Rothbury Farm — these names all make me think of outstanding cattle, highly competitive shows, bustling sales. The Drapers have been “right in there” at all these events for a long time. It is a real pleasure to work for and with these people because they put everything they have into every venture and they do things right. It has been my experience that people enjoy doing business with the Drapers. Their cattle always look good, they present them well and then, after the sale, they care what happens to them and to you. It is this great ability to produce, promote and merchandise seed stock that has carried them into the Development Company and thus deprived them of the time and facilities to breed cattle. However they will continue to work for all of us by making purebred cattle more valuable. Their Rothbury Shorthorns have been the best across Canada and the United States — this has been vouched for by the championships they have won, the record prices received and by the esteem in which they are held by producers of all breeds of cattle. You can get what you need and want out of their Dispersion of the big, good kind of Shorthorn that is in the lead today.

J. R. (Jock) Blacklock.

## —GENERAL INFORMATION—

**Location**—The sale will be held in the Livestock Arena at the Regina Exhibition Grounds, Regina Saskatchewan.

**Time**—The sale will be held on Saturday, February 23rd, 1974, commencing at 12 noon Central Standard Time.

**Terms**—The terms of the Sale are cash unless prior arrangements have been made with the owners. Cheques will be accepted.

**Health**—These cattle have been maintained and the Regina Exhibition Grounds are in TB Restricted and Bang's Control Areas so that the cattle can go right out from the sale to any point in Canada. Any tests necessary for export will be arranged.

**Guarantee**—The cattle are in good health, any known defects will be mentioned at the time of sale. Since this is a Complete Dispersal Sale the cattle will then sell at the halter without further guarantee.

BROMELEE REGAINER. Here is a big Kodiak bull that is raw but will make quite a bull at maturity.

**Lot 8****Male****TANK KENMAR RANSOM 32Z 426050**

Sire: Pleasant Dawn Seal 2nd X398754

Dam: Kenmar Beverly 28U X552652

TANK. A one-third semen interest in this undefeated, unequaled American show bull sells. The buyer can only use the semen in his own herd. Bob Lee Farms own a two-third interest and possession. His calves are winning top shows this season.

**"THE ROTHBURY COWS"**

We will not go into individual footnotes on the mature cows. These cows have been selected from over two hundred and each and every one of them has produced or will produce many top cattle. Lots 9 to 51 have been pasture exposed to "Massive Major" from June 1st to October 15th. Some of these cows have some age on them but no bad cow ever got old at Rothbury. They are healthy and hardy and will work well for you. These are the mothers of the Rothbury champions and top sellers.

**LOTS 9-17**

This group of young four year olds are the "hard to find kind." Check the calves they had last year. Their future looks great.

**LOTS 30-35**

In 1968 we were very fortunate to be able to purchase the entire Brian Lynch herd. This was one of the first R.O.P. herds in Manitoba. In 1969 we showed the bull calves from this herd to the "carload Grand Championship" in Denver. The next year we won the pen of 5 and pen of 3 with these calves in Denver. These are working cows.

## LOTS 52-74

All but two of these young females are grand daughters of Leader 21st. They are all polled, young and with there whole life ahead of them. They have been pasture exposed to "One Eye" from June 1 to October 15, 1973. He is the top young son of Major we have used here at Rothbury. His first calves look as good as any we have ever produced. These heifers are on the thin side as they have been wintered with the cows, but with a little green grass in them they will make their new owners mighty happy.

**LOTS 108-121****THE "MAJOR" AND "ONE EYE" BULL CALVES**

Here is where you can really give your cows a break. These bull calves have been rough wintered and will develop into big, strong bulls. Take a real good look at Major and the Rothbury cows. Wouldn't you like your herd bull with this ancestry? How can you raise big cattle if your herd sire is sired by an 1800 pound bull?

— NOTES —

— NOTES —

Good air service is available to Regina, plus excellent motel accommodation. The Canadian International Sale is Monday, February 25, giving you Sunday to travel to Brandon.

"You can select from what we selected." In the last ten years we purchased three complete herds plus a good portion of another one, then we retained approximately 20 per cent of these cattle for the Rothbury cow herd.
